● IMPORTANT NOTES

TOURISTIC TOWN:

- ▶ Saint-Tropez is a very touristic area. Beware of peak periods such as Easter, July and August. It is very difficult to get around by car or by foot.
- ▶ The market area (Place des Lices) is very crowded on market days (Tuesday and Saturday morning).
- ▶ We suggest you to ask for the events planning to the Communication Department in order to avoid any shooting disruption.

RESPECT THE GUIDELINES:

- ▶ The town hall thanks you in advance for working in a civicism way, respecting the area and its residents.
- ▶ During the shooting, make sure you have your permit with you at any time.

----- ATTENTION -----

USE OF SAINT-TROPEZ'S NAME AND ITS IMAGE

Saint-Tropez is a registered trademark

Town authorities have registered the names "Saint-Tropez" and "Saint-Trop".

Therefore it is strictly forbidden to use these names without permission. Trading of all clothing or any items whichever it is, carrying the name Saint-Tropez (film title, clip, song etc...) as well as any usage not stated in the present permit must be subjected to a demand in due form to the town hall and a separate contract might be drafted accordingly.

Mention in the credits

Please note that, in the end credits of a film or an audiovisual production, the town's name must be mentioned entirely in the following way: Ville de Saint-Tropez (and not St-Tropez).

I have read the «general information» document before starting to fill out the form.
